

Lochmara Lodge Artist Residencies

Each season we invite applications for short term residencies at Lochmara Lodge. The residency programme allows artists to be resident at Lochmara to work on a specific project, to be inspired by Lochmara and the Marlborough Sounds, and to interact with our New Zealand and overseas guests.

The purpose of the programme is twofold:

- a) To support the development of New Zealand art by providing opportunities for artists in all stages of their career to undertake a residency, with a focus on inspiration, dedicated time, and making art accessible to new audiences.
- b) To provide an opportunity for national and international visitors to learn about New Zealand art and the creative process by talking to artists and watching them work.

Residencies in 2015/16 will:

- Be from 1 – 2 weeks long and occur between October 2015 and May 2016 according to availability.
- Include agreed times each day where the artist will be available to the public.
- Include information about Workshops, Artists Talks or other additional forms of availability to the public as proposed by the artist, and agreed to in advance.
- Result in new work to be exhibited for sale at Lochmara, or credited to Lochmara in accordance to the minimum value of the residency as negotiated with Lochmara.
- Please be prepared with an artist's statement, the length of one A4 page, to assist in any promotion prior to your arrival, and to accompany your artwork.

Residencies will include:

- Accommodation for the artists will be in the loft of the Art Studio, or at Crumpy's Camp by arrangement.
- A small stipend of \$100/week towards food and other associated costs. The stipend might be exchanged for upgraded accommodation in shoulder season dates from September - November or April-May (strictly according to availability) if necessary.
- Kitchen facilities are available, and resident artists are eligible for 50% staff discount in the cafe (except alcohol) while in residence.
- Use of the Lochmara Art Studio and equipment if desired, although resident artists can choose to work anywhere on the 11 acre Lochmara property.
- Water transfers to/from Picton at the start and end of the residency.
- Print and online promotion of the residency, with a focus on the local market.
- Access to display work in the Huia Exhibition Space, and on a feature wall of the Lochmara Cafe for the duration of the residency as desired.

Costs:

- Artists are expected to meet their own costs for travel to Picton and any costs above the stipend agreed to. Costs of materials and any shipping of work and/or materials to/from Lochmara (as far as Picton) is also the responsibility of the resident artist.
- 500MB hour of internet is provided per week to facilitate needs for the purposes of the residency.
- Provisions are difficult to access from Lochmara. Please discuss all your potential needs with the Arts Co-ordinator to avoid disappointment during your stay.
